## ARIZONA FRIENDS OF FOSTER CHILDREN FOUNDATION 2018 CURRENT IMPACT REPORT

Each year, the Arizona Friends of Foster Children Foundation strives to bring more FUN to children in foster care. Provide more awards for extracurricular activities. Facilitate more high school graduations and first jobs for youth in the Keys to Success Program. Pave the way for more youth to graduate from college.

As of September 1, we are on target to exceed every goal we've set for 2018. We invite you to partner with us to help a child in foster care.
